FEMALE CAP AND CHAIN FOR BREECHING VALVES

The female cap and chain for inlet breaching valve is a plastic cap which is designed to keep dirt and rubbish out of vital dry riser equipment so it's always ready to go in a fire emergency. With a retainer chain to ensure it doesn't get lost when removed, it's for use on 2 ½" (64mm) inlet breaching valves.

Manufactured for Vigil Products, the female cap and chain are suitable for all UK inlet breaching valves, whether it's for new installations or existing caps which are lost or damaged.

Product	Female Cap & Chain for Breaching Valve
Product Code	VP-DRBCP
H x W x D	4.5 x 7.5 x 7.5
Weight	0.04kg
Compatibility	For use on all UK inlets breaching valves / 2 ½" (64mm) inlet breaching valves
Material	Plastic cap & metal retaining chain
