

Product Data Sheet

Astro Finger Guard Clear

Revision 4 - 4th February 2019

Astro Finger Guard Clear

Transparent Finger Guard for Doors

- A strong, clear finger guard for interior doors up to 50mm thick (fire door thickness).
- Standard Lengths 1950mm.
- Opens up to 110 degrees depending on door configuration.
- Easily installed to most types of door using the self-adhesive strip built into the guard.
- For maximum integrity of the clear finger guard we recommend additional securing of the strip using screws if door and frame materials permit.
- Tested to 250,000 open / close cycles.
- The clear guard avoids possible décor colour clashes.
- 'Soft' material resists to cracking from kicks and knocks.

Astro Finger Guard Clear shown on an opened door

Product Description

A transparent, tough finger guard designed to fit most common interior door sizes. Self adhesive fitting strips are incorporated into the guard, which can further be secured with screws for maximum longevity.

The clear finger guard is a clear polymer material with a 'rubbery' feel that does not shatter. Resists cracking and splitting and absorbs kicks and knocks well. Blends in with natural timber finish doors in particular.

Caution: Do not fit to doors that can open more than 110°, otherwise the strips are likely to tear off from the door or frame and cause damage.

Product Availability

1950mm length matches standard door height.
